Dear Mr. Scher:

FirstMac Corporation would like to thank you and your employees for your assistance and diligence in getting our company licensed in the State of Virginia.

Stacey and Roberta are to be commended for their knowledge, assistance and support they provided to the employees at FirstMac, as well as, their patience for putting up with our "growing pains". We are excited about using you for future state licensing, and just wanted to acknowledge your contribution to our growth!

I've been very pleased with the services provided by Regulatory Counsel Group, and just wanted to take this opportunity to say "Thank you" for all your assistance.

Sincerely,
